MUBARAK OLALEKAN MUHAMMED

No 11, Alhaji Kalejaiye Street, Fola Agoro Area, Yaba, Lagos.

MOBILE PHONE (+234)8100969035 **EMAIL**: oyindamola850@gmail.com

OBJECTIVE

Result-driven software developer with a passion for creating innovative and user-friendly applications. Seeking a challenging position in a reputable organization where I can utilize my acquired skills, both academically and professionally, to contribute to the realization of its goals. Committed to delivering high-quality solutions as an individual contributor or a collaborative team member.

EDUCATION

Ladoke Akintola University of Technology, Ogbomoso, Oyo State

- B.Tech, Pure and Applied Physics *(Hons)*
- Degree: Second Class Honors (Upper Division)
- 2014-2021

Moret Comprehensive College, Ibadan, Oyo State

- Senior Secondary School Certificate (SSCE)
- 2007-2013

PROFESSIONAL EXPERIENCE

Wema Bank – Application Developer

March 2023 - Current

- Successfully implemented a user-friendly application (Finacle portal) that enabled Auditors and Branch Compliance Officers to access enquiry menu options directly, bypassing Finacle, resulting in significant cost savings for the financial institution.
- Developed and implemented a transformative portal solution (Auditor's Confirmation portal) that effectively fast-tracked the treatment of Auditors' confirmation requests, delivering positive business impact through enhanced operational efficiency and improved audit processes for the bank.

- Streamlined the vendor onboarding process through the successful implementation of a user-friendly application (Vendor onboarding portal), enhancing operational effectiveness and reducing administrative burdens.

Pledre (E-Learning Platform) - Front end Developer

Sep 2022 - Dec 2022

- Developed and integrated new features on the user dashboard using Next.js, TypeScript, and Material UI, while implementing responsive design principles for optimal user experience across various screen sizes and devices
- Identified and resolved existing bugs on the user dashboard to ensure optimal functionality.
- Developed custom websites for Pledre enterprise subscribers utilizing Next.js.
- Actively participated in agile development methodologies, including daily stand-ups, sprint planning, and retrospectives.

F&K Savings (FinTech) - Front end Developer intern

July 2021 - Aug 2022

- Developed user dashboard with React.js, Styled components, and TypeScript, utilizing Redux for state management.
- Collaborated with web designers to ensure cohesive visual design and integrated data from **API** service.
- Conducted ongoing maintenance, expansion, and optimization of the website for optimal performance across various devices and browsers.
- Implemented the Paystack payment feature, enabling automatic and manual savings for users through their debit cards.
- Developed the Verico website using **Next Js**.

Wema Bank Plc - Intern

July 2019 – Nov 2019

- Worked with the customer care unit. Responsibility included- opening customer accounts, BVN registration, and performing basic inquiries on customers' accounts.
- Worked closely with the Teller team lead to ensure the proper functioning of the Automated Teller Machines
- Supervise maintenance, installation, and services of the ATMs from outside vendors.
- Alerts affected bank staff and departments of expected downtime and service interruptions.

TECHNICAL SKILLS:
